2. BACKGROUND

GCSNA is a 12,242-acre natural area located in northwest San Antonio/Bexar County. It exists for the primary purposes of protecting the Edwards Aquifer Recharge Zone and the flora/fauna that exist within its boundaries – both above and below ground. Although the primary focus of this area is resource management & protection, the site also has a mission of providing education about the resources and non-degradational recreation opportunities to the public. These opportunities include hiking, running, mountain biking, nature watching, picnicking and primitive camping. Public access is limited to approximately 6,000 of the 12,000 acres. The terrain varies from moderate to rugged, rocky hill country.

3. SOLICITATION METHOD AND INTENT

- 3.1. The Request for Qualifications (RFQ) solicitation method allows qualified respondents to submit a written proposal addressing qualifications, experience, availability, approach and other factors that will be employed to ensure successful accomplishment of requirements set forth herein. TPWD will review, compare and evaluate responses.
- 3.2. It is TPWD's intent to establish a Qualified Contractors List as a result of this solicitation, and thus intends to make multiple awards to qualified contractors for the services described herein, as determined to be in the best interest of TPWD.

4. CONTRACT TERM

- 4.1. Initial Contract Term: The contract shall commence upon award and continue through January 31, 2019, unless sooner terminated under the terms of the contract.
- 4.2. Renewal Option: Contract may be renewed for up to two (2) additional one (1) year periods, provided both parties agree in writing prior to contract expiration date. Any extensions shall be in accordance with the original terms and conditions plus any approved changes.
- 4.3. Contract Extensions: In the event that the contract(s), if any, resulting from the award of this RFQ shall terminate or be likely to terminate prior to the making of an award for a new contract for the identified products and/or services, TPWD may, with the written consent of the awarded supplier(s), extend the contract for a period of time as may be necessary to permit TPWD continued supply of the identified products and/or services (not to exceed twelve month extension period). Any extensions shall be at the same terms and conditions, plus any approved changes.
- 4.4. Termination: The contract shall terminate upon full performance of all requirements contained in the contract, unless otherwise extended or renewed, as provided in accordance with the contract terms and conditions.
- 4.5. Amendments: The contract may be amended in writing by mutual consent of the parties.

- 4.6. Quantities: Unless this RFQ states otherwise, the resulting contract award does not guarantee volume.
- 4.7. Additional Services: Following the contract award, additional products/services of the same general category that could have been encompassed in the award of this contract, and that are not already on the contract, may be added. A formal written request will be sent to successful respondent to quote on the proposed additional products/services. Respondent shall submit quote(s) to TPWD as instructed. TPWD may accept or reject any or all quotes, and may issue a separate solicitation for the products/services after rejecting some or all of the quotes. Products/services covered under this provision shall conform to the specifications as outlined in the request.

6. SCOPE OF WORK

- 6.1. Contractor shall remove hogs from GCSNA with efficient and humane methods. Proposed methods and trap designs must be pre-approved by TPWD. Corral-type traps are the preferred method. Corral traps cannot be fitted with tops and must provide adequate shade and/or water to avoid subjecting hogs to heat exhaustion.
- 6.2. Contractor is not authorized to kill, capture, injure, or harass animals other than feral hogs. Incidental capture or injury of non-target wildlife shall be immediately reported to TPWD.

- 6.6. Contractor(s) must submit monthly progress reports to TPWD in approved format. These reports must include number of hogs, sex, age class, and trapping effort (i.e., location, number of traps, etc.), along with photograph evidence.
- 6.7. Hogs may be removed from GCSNA dead or alive, or hogs may be dispatched and left at approved locations within GCSNA. Humane methods must be used to dispatch hogs (i.e. centerfire firearm) and contractor must adhere to TPWD's policies and procedures regarding firearm use within GCSNA. - 6.9.2. Road and weather conditions must be taken into consideration when accessing property and setting traps so as not to contribute to erosion and degradation of GCSNA. Adverse impacts to resources and roads could result in specific road or trap site closures.

Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change, provided, however, that TPWD, if it decides that the facts justify such action, may receive and act upon such claims asserted at any time prior to final payment under this contract. If a dispute is resolved in favor of the TPWD, the Respondent shall submit a corrected invoice that must be paid in accordance with §2251.021. The Contractor shall remain liable for all covenants and indemnities under the Contract. The Contractor shall be liable for all costs and expenses, including court costs, incurred by TPWD with respect to the enforcement of any of the remedies listed herein.

28. **RIGHTS UPON TERMINATION OR EXPIRATION OF CONTRACT:** In the event that the Contract is terminated for any reason, or upon its expiration, TPWD shall retain ownership of all associated work products and documentation obtained from the Contractor under the Contract, unless otherwise specified.
29. **CHANGE IN FEDERAL OR STATE REQUIREMENTS:** If federal or state laws or regulations or other federal or state requirements are amended or judicially interpreted so that either TPWD or the Contractor cannot reasonably fulfill the Contract and if the Parties cannot agree to an amendment that would enable substantial continuation of the Contract, the Parties shall be discharged from any further obligations under the Contract.
